Growers Market's Weekly Newsletter

GROWERS MEETINGS

Board – Thur 10/27, 5:30pm at Growers
Coordinators – Mon 10/17, 6pm at Growers

TELL ALL YOUR FRIENDS

Please tell all your friends about Growers Market. I try to let people know that we are open from 10 am to 7 pm on Fridays (some people who shopped at Growers in years past have not heard about our expanded Friday hours). On Fridays, the coordinators have more time to talk to people who are new to Growers.

BERRY BOYCOTT ENDS

The farmworker union Familias Unidas por La Justicia (FUJ), together with the union of striking farmworkers in Baja California, Mexico, organized a boycott of Driscoll's Berries, the world's largest berry company. They demanded that Driscoll's take responsibility for the conditions and violations of labor rights by the farmers whose berries they sell. As of September 4th, FUJ officially agreed to an election and negotiation process for a collective bargaining agreement with Sakuma Bros Berry Farm and they are entering into the next phase of their union's development. At this time FUJ is calling for an end of the boycott, and all boycott activities and out of respect for the process and their memorandum of understanding with the company they are asking supporters to please not contact past, present, or potential customers, purchasers, sellers or users of products coming from Sakuma Bros Berry Farm to convey criticism of any and all aspects of Sakuma's business and operations.
